**DISCIPLINE POLCY FOR CHILDREN 3 YEARS AND OLDER**

We will begin by telling the child what the appropriate behavior should be and explain why the behavior was not appropriate. This will be done twice, if the inappropriate behavior continues, the child will be taken to a quiet area until s/he can regain control and compose themselves. The child may return to the group after they regain control. If a child continues to have a behavioral problem, parents will be notified and a conference will take place. Behavioral modification charts may be used with parental consent and cooperation. We do reserve the right to ask any parent to make other child care arrangements for their child due to inappropriate behavior, lack of parental support or the child shows no signs of improvement.

## Positive Discipline Policy

All caregivers shall use positive discipline when guiding the child's behavior. Caregivers will do the following steps; communicate to children using positive statements, encourage children, with adult support, to use their own words and solutions in order to resolve their own interpersonal conflicts and they will communicate with children by getting down to their eye level and talking to them in a calm, quiet manner about what behavior is expected. Discipline is an ongoing process to help children develop inner control so they can manage their own behavior in a socially approved manner and appropriate to their age and development level. The center's goal is to teach children to work through problems themselves with positive adult communication. In regards to children 3 years and older the caregiver will communicate with the child what the appropriate behavior should be and explain why the behavior was not appropriate. This response will be done twice, if the inappropriate behavior continues, the child will be taken to a quiet area with adult supervision until s/he can regain control and compose themselves. The child may return to the group after they regain control.

Caregivers of children under the age of three will look for the cause of the misbehavior and try to prevent the behavior that is not wanted. They will attempt to understand what the child is trying to communicate and meet the unmet need or redirect the behavior when possible.

Caregivers shall document any history of recurring discipline problems and subsequent formal parent conferences in a child's record. The center shall implement and document a specific plan of action with the child's parents for dealing with the child's unacceptable behavior. We do reserve the right to ask any parent to make other child care arrangements for their child due to inappropriate behavior, lack of parental support or the child shows no signs of improvement.

In the case of a child physically attacking or injuring a staff member and/or another child, parents will be called and asked to come pick up their child immediately and the child may not return for the remainder of the day. If this would occur a second time, the child would be removed from the center immediately and not allowed to return for two days. It would be up to the parent to make other child care arrangements for their child at their expense. If a physical attack would occur a third time, the parents would be asked to withdraw their child permanently or UNTIL the behavior was under control.

## EXCLUSION POLICY FOR SICK CHILDREN

Please **DO NOT** bring your child to the Center under the following conditions:

1. If your child has a fever of 101 or higher, or has had a fever of 101 in the past 24 hours. They must be fever free, without Tylenol or Advil for 24 hours before returning to the center.
2. If your child is vomiting or has vomited in the last 24 hours. They must keep **ONE FULL MEAL** down before returning to the Center. This is especially important during flu season to keep from spreading illness.
3. If your child has a widespread rash which has not been examined by a physician.
4. If your child has persistent diarrhea (especially children 2 years and younger). Diarrhea is highly contagious for small children. Diarrhea is many liquid bowl movements in a short time span.
5. If your child has drainage or matting coming from the eye and/or the eye is red. This is **PINK EYE** and is highly contagious. The child must be on prescription medication and receive at least **2 DOSAGES BEFORE RETURNING TO THE CENTER.**
6. If your child has symptoms of respiratory infection, such as a persistent cough, fever, large amounts of nasal drainage, we ask that you keep your child home.
7. If your child has chicken pox, they may not attend or will be sent home. Your child may return when **ALL THE BLISTERS HAVE SCABBED OVER.** This is usually 5-7 days.
8. If your child is on an antibiotic, they may return **AFTER THEY HAVE BEEN ON MEDICATION FOR 24 HOURS AND MUST BE FEVER FREE** before returning to the Center.

Should a child become ill at the Center, or need to be observed for any of the above conditions, the child will be isolated from the other children and the parent will be notified to come pick up the sick child, or make arrangements for someone else to pick up the child. We will allow the parent **ONE HOUR** to make arrangements for the child to be picked up.

## Center Closing Policy

Teddy Bear Day Care will make every effort to remain open during inclement weather. We know many people have jobs that require them to be at work regardless of weather conditions. If Teddy Bear Day Care would need to close the center due to some unforeseen circumstances, we ask parents to:

1. Watch for the closing to be announced on WTHR Channel 13. We will wait to the very last moment to close. wthr.com will have the most recent updates.
2. **CALL THE CENTER.** This is to make sure our opening person did make it to the center. They may be a little late due to road conditions.
3. Center closures will also be posted on the Teddy Bear Day Care Face book page.
4. Teddy Bear Day Care will try to also send out an email informing you if we will be closed.
5. Be understanding if our ratios are not correct as you drop your child off. Our teachers live in outlying areas, and even though they may have allowed extra time to get to the center they may be running late due to slow traffic or poor road conditions.
6. Remember that if we are open, allow yourself enough travel time to get back to the center to pick your child up by 6:00 P.M. We want our staff to get back to their homes safely and in a timely fashion.
7. Teddy Bear Day Care will definitely be closed if the county or city in which the center is located is under a snow emergency. It is against the law to be on the roads if a snow emergency is declared.

If the center would have to close due to inclement weather, or for any other reason, tuition remains the same. There is no reduction in the tuition rate if the center can not open. We will make every effort to keep the center open and be staffed, but your understanding during this difficult time is appreciated to help things run smoothly.
